ALBERT DAMIAN PEREZ

STUDENT RESUME | TECHNOLOGY & DIGITAL SKILLS

Cagayan, Philippines • perezalbertdamian@gmail.com

CAREER OBJECTIVE

Motivated Senior High School student interested in technology, digital creativity, office productivity, and computer-related work. Eager to strengthen practical skills, learn from new experiences, and contribute responsibly to school or entry-level opportunities while continuing my education.

EDUCATION

Pacac Integrated School — Senior High School, Grade 11 (HUMSS Strand)

Cagayan, Philippines

Developing communication, research, writing, collaboration, creativity, and critical-thinking skills through academic activities.

TRAINING & LEARNING EXPERIENCE

Auxiliary Technology Program (ATP) — Program Participant

Aparri, Cagayan · June 21 (year not specified)

Learning exposure included introductory coding and programming concepts, binary concepts, PC troubleshooting, operating-system basics, webpage design, Adobe Photoshop, and Microsoft Word.

SKILLS

Computer fundamentals	Basic computer concepts, operating-system familiarity, and introductory troubleshooting.
Office productivity	Document creation and organizing information using common office tools.
Web & coding basics	Introductory webpage structure and programming concepts.
Digital creativity	Learning visual design and image-editing fundamentals.
Communication	Developing written and spoken communication and presentation skills.
Research & problem-solving	Gathering information, thinking critically, and approaching tasks carefully.

INTERESTS & CAREER DIRECTION

Technology • Web design • Digital creativity • Computer-related work • Entrepreneurship

Long-term goal: continue my education, build practical experience, become financially independent, and work toward creating a business of my own.
